

Harry's Alpine Descent

With a lot of the usual TT Matchplay players involved in the new secondary schools league in the other half of the Collyer's hall it was a small collection of players that contested a round-robin on Friday, in good and friendly spirit, as ever.

Colin McAlpine and Harry Llewellyn were two players to do well winning two matches each in straight sets before coming head-to-head to see who could claim to be top player of the night. McAlpine just had too much experience to bring to bear against the youngster on this occasion winning 3-0 but the Billingshurst left-hander is as keen as mustard and no doubt there'll be more opportunities to scale the Alps in the future.

Littlies Adrika Shibu and Charlie P keep on smiling, talking and improving aided by the support and patience of the the matchplay community that's been established.
