

TT Players Have Games for a Laugh

Not much to report on this week from the TT Matchplay process at Collyer's as there was a slight departure from the results recorded formula. Players instead were engaged by a number of gameplay phases that involved short, sharp and quick inter-changes.

Games played included:

- Top table singles 11-up
- Top table tippy tappy
- Top table doubles 9-up
- Knock-off
- Turkey-shoot

There were plenty of highlights. Charlie P and Harry L celebrated winning a point in Turkey Shoot like they had just carried off the world championship singles final. Press-up penalties were issued in knock-off for those on a table allowing a player to get four wins on the trot. Ollie Pepper hit some of the best two-handed backhand winners ever witnessed in the sport of TT.

At one point players were asked to rally by touching the floor in between shots and Bilal Rehman-Furs and Chris Goodier managed to achieve an amazing rally of 37 shots doing so. Unfortunately when it came to playing properly they were both rubbish.

Lots of fun had.
